RECISSION OF PREVIOUS NON-PUBLICATION REQUEST

Honorable Sir:

The Non-Publication Request in the above-identified patent application is hereby rescinded. This CIP application includes subject matter from a parent application which had already been filed in an international application prior to the time of the submission of the Non-Publication Request. The original certification in the Non-Publication Request is believed to be proper because the "invention" disclosed in this CIP application was not disclosed in the parent application that was the subject of a foreign or international filing. Nevertheless, the Request is being rescinded for avoidance of doubt.

Respectfully submitted,

Mark L. Mollon
